INTRODUCTION

The topographic map of the Damascus Quadrangle was created in 2015 under the guidance of the National Park Service through the National Park Service Task Agreement Number P15AC01482, in the year 2015. The map is based on geological data and cartography provided by the New York State Geological Survey (NYSGS). The map is designed to aid in the understanding and preservation of the geology of the Damascus Quadrangle, located in Sullivan County, New York.

The map is available in Adobe PDF format and can be downloaded from the NYSGS website. It is designed to be used for educational and reference purposes, and it is not intended for legal or engineering use.

The map includes a legend with symbols and map units, which are described below.

DESCRIPTION OF MAP UNITS

- **Holocene**
- **Pre-Holocene**
- **Pre-Pleistocene**
- **Pleistocene**
- **Pliocene**
- **Miocene**
- **Eocene**
- **Oligocene**
- **Eocene-Oligocene**
- **Upper Eocene-Oligocene**
- **Lower Eocene-Oligocene**
- **Upper Cretaceous**
- **Lower Cretaceous**
- **Upper Jurassic**
- **Lower Jurassic**
- **Triassic**
- **Pre-Triassic**

SYMBOLOG

- **White Arrow**
- **Black Arrow**
- **Red Arrow**
- **Blue Arrow**
- **Yellow Arrow**

BIBLIOGRAPHY

- Field notes and sketches
- Digital data and cartography
