

**Bryophytes of WRIGHT PEAK (4580 ft), MacIntyre Range Adirondack Mountains,
Essex County, New York**

Summit area (elevation 3400 ft or above)

LIVERWORTS

Anastrophyllum minutum (Schreb.) Schust.

Bazzania trilobata (L.) S. Gray

Gymnocolea inflata (Huds.) Dum.

MOSSES

Andreaea rupestris Hedw.

Ceratodon purpureus (Hedw.) Brid.

Dicranodontium denudatum (Brid.) Britt. *in* Williams

Dicranum scoparium Hedw.

Hypnum imponens Hedw.

Leptobryum pyriforme (Hedw.) Wils.

Leucobryum glaucum (Hedw.) Ångstr. *in* Fries

Pogonatum dentatum (Brid.) Brid.

Pohlia nutans (Hedw.) Lindb.

Polytrichum pallidisetum Funck

Racomitrium fasciculare (Hedw.) Brid.

R. microcarpon (Hedw.) Brid.

Sphagnum fuscum (Schuimp.) Klinggr.

S. pylaesii Brid.

Below summit

LIVERWORTS

Lophocolea heterophylla (Schrad.) Dum.

Ptilidium pulcherrimum (G. Web.) Vainio

MOSSES

Atrichum crispum (James) Sull.

Callicladium haldanianum (Grev.) Crum

Upper slopes

LIVERWORT

Nowellia curvifolia (Dicks.) Mitt.

Wooded slopes

LIVERWORTS

Mylia taylorii (Hook.) S. Gray

Nowellia curvifolia (Dicks.) Mitt.

Ptilidium pucherrimum (G. Web.) Vainio

MOSSES

Dicranella heteromalla (Hedw.) Schimp.

Hylocomium splendens (Hedw.) Schimp. *in* B.S.G.

Ptilium crista-castrensis (Hedw.) De Not.

Racomitrium fasciculare (Hedw.) Brid.

Rhizomnium magnifolium (Horik.) T. Kop.

Sphagnum quinquefarium (Lindb. ex Braithw.) Warnst.

S. russowii Warnst.

S. squarrosum Crome

Ulota crispa (Hedw.) Brid.

List prepared from specimens in the Bryophyte Herbarium, New York State Museum, by Norton Miller and Lorinda Leonardi, Sep 2004. Posted Oct 2004.
